CORE CAPABILITIES, READY NOW

- 01 **Shop floor supply and VMI**
 PPE, cleanroom and FOD control, consumables, ESD and packaging, kitted by work cell, one invoice a month.
- 02 **Test stand and fluid systems**
 Cryogenic and high pressure valves, regulators, 316 SS fittings and tubing, hose, gauges and transducers.
- 03 **Build to print and outside processing**
 Machined parts, weldments, fixtures, GSE and test cables to your drawing; anodize, passivation and heat treat through Nadcap processors; AS9102 format FAI.
- 04 **Raw material, cut to size**
 Aluminum, stainless, titanium and engineering plastics with mill certs.
- 05 **Tooling, metrology and calibration**
 Cutting tools, calibrated torque tools, gauges, ISO/IEC 17025 partner lab calibration.
- 06 **Electrical and connectors**
 Commercial connectors, wire, thermocouple and test leads from authorized distribution.
- 07 **Ground power and facility electrical**
 Transformers, switchgear, UPS, generators and battery storage for test sites and new factories.
- 08 **Handling, lifting and shipping**
 Proof tested slings and shackles, lifting fixtures to print, dollies, crates and reusable containers.

COMPANY DATA

ENTITY	Cascadia Aerospace Technologies, LLC
UEI	L75ARUYPUUQ1
CAGE	In process
DDTC	Filed Oct 8, 2026, in process
NAICS	423830 • 423710 • 423690 • 336419
SIZE	Small business
OWNERSHIP	U.S. person owned
LOCATION	Bellevue, WA, King County

OPENING NEXT

Flight hardware	AS9120
ITAR build to print	DDTC registration
Federal and DoD orders	CAGE, CMMC L1
Shelf life materials	Cold chain

DIFFERENTIATORS

- **One accountable operator** owns every award from RFQ to delivery.
- **Paper trail by default:** CoC, lot, heat and country of origin per lot.
- **Should cost and dual sourcing** to protect price and continuity.
- **Export control discipline:** ITAR policy written, Empowered Official named.

LEADERSHIP

Farhan Shaukat

Managing Member and COO. 25+ years in manufacturing and global supply chains: Siemens NPI and tooling (10 years), Redpath Mining Director of Finance and Supply Chain across 5 countries, utility scale energy procurement.
